The Chum Bucket

May 2025

HIGHLIGHTS

We hosted a successful junior national bottom fishing competition! It's fantastic to see that our EP under 16 anglers performed so well, securing first and fifth places while the under 19 secured third and fourth. Their achievements are a testament to their skill, dedication, and the support they receive. Competitions like these not only highlight young talent but also foster a love for the sport, encouraging more young anglers to participate and develop their skills. Well done to every angler and everyone involved!

The Protea capping ceremony for our anglers heading to Iceland was not just a ceremonial event but a celebration of achievement and dedication. For the anglers, receiving their Protea caps is a recognition of their hard work, skill, and commitment to the sport. As they prepare to compete in Iceland, this ceremony serves as both a motivational boost and a reminder of the pride and expectations they carry with them. It's a momentous occasion that highlights the unity and spirit of the team, as well as the support from their community and country.
